

Global GameChangers

— A GLOBAL FORCE FOR GOOD —

MEET OUR CORPORATE TEAM, WHO IS CO-CREATING A BRIGHTER FUTURE WITH THE AMAZING MEMBERS OF OUR MOVEMENT - CHAMPIONS, LIFECHANGERS CLUB MEMBERS, AND RIPPLE MAKERS™

ERIC ALLEN, *Founder and Chief Ripple Officer*

The past decade has seen Eric's teams build one of the largest relationship-driven, networked communities in the world. The material possessions and accolades, however, never filled the void of desiring a REAL lasting legacy with a life of Purpose and Significance. The God-sized dream that is The Global GameChangers Movement is not Eric's alone. It is a movement for ANYONE who is 'crazy' enough to believe in the power of relationships and service to change the world!

KEN JULIAN, *Co-Founder, Executive Vice President*

A serial entrepreneur who is passionate about serving others and eliminating tragedies and injustices around the world, Ken is the first 'Ripple' who answered the call to leadership in action upon hearing Eric's bold vision for The Global GameChangers Movement. Ken sees no 'exit strategy' here; rather, he envisions a great journey to fulfill his Life's Purpose. He is committed to helping our culture and brand embody Trust, Transparency, and Transformation.

ANDRE RAMSEY, *Chief Operating Officer*

Vision without execution is hallucination. Thankfully, Andre has aligned his organizational and analytical talents with our Global Force for Good! Andre is the 'glue guy' that keeps the infrastructure running synergistically. Andre has valuable experience in the Silicon Valley and beyond start-up space, as well as expertise in the latest technological systems, processes, and logistics. On the weekends, Pastor Ramsey is leading a growing congregation on the city's West side.
